

Welcome to Charlie Brown Babyland

We are so glad you chose us to
care for your baby!

The staff at Charlie Brown take caring for your infant very seriously... here are a few things you may need to know.

- Your baby will need: (please write your child's name on everything)
 - Diapers
 - Bottles
 - Wipes
 - Extra Clothes
 - Formula
 - Pacifier (if needed)
- A daily information sheet will be filled out on your baby to let you know how his/her day went as far as feeding, diaper changes, medications, napping etc. Parents are to fill out the top portion of the information sheet daily so staff know exactly what your baby's needs are that day.
- Your baby's diaper will be checked every 2 hours and changed if needed. Diapers will be labeled with your baby's name. Please check your diaper supply regularly.
- Any foods other than formula are supplied by Charlie Brown including; cereal, purees (blended fresh daily), table food, whole milk, etc.
- A Doctor's note is required if your infant has special instructions for his/her diet (i.e. allergies, cereal in bottles, whole milk before one year old etc.)
- Cereal can be offered to your baby at 4 months old, pureed veggies and fruits at 4 to 7 months, and snack with juice at 8 months. Please let us know if you have a different plan for your baby.
- It is very important to us to keep your baby safe therefore, no blankets other than lightweight receiving blankets will be used to cover or wrap your baby. Your baby will not be left to sleep in swings, bouncy seats, or car seats; they will have an assigned crib.
- All toys, saucers, swings, seats, etc. are sanitized daily with bleach/water solution. Crib sheets are changed daily and mattresses are also sanitized.

If you have any questions or concerns, please don't hesitate to ask! Our staff strives to make Charlie Brown Babyland a safe, secure, and happy place for your infant.

We look forward to caring for your infant!

CHARLIE BROWN BABYLAND MEMO

"Because We Care"

- Your baby will always be placed on his/her back for sleeping.
- Your baby will not have heavy blankets, pillows, or stuffed animals in their crib while sleeping. Please bring a light weight receiving blanket for your baby to use.
- Your baby will not be left sleeping in a car seat, swing, or bouncy seat.
- Your baby will always be held by us when drinking a bottle.
- Your baby will have supervised "tummy time" several minutes a day
- Your baby will be kept comfortable with moderate room temperature.
- Your baby's crib, mattress, and play equipment will be sanitized everyday with a bleach and water solution. Solution is measured for the right strength and changed everyday to insure proper strength.
- Your baby's toys, dishes, spoons, bottles, and pacifiers will be sanitized everyday. The dishwasher and sanitizing machine reaches a temperature of 160 degrees to destroy germs.
- Your baby's food preparation area, chairs and tables will be sanitized with a bleach and water solution each meal time.
- Your baby's diaper changing area will be sanitized after each use with a bleach and water solution.

WE WASH YOUR BABY'S HANDS AND OUR HANDS MANY, MANY TIMES A DAY TO INSURE A HEALTHY ENVIRONMENT!

STAFF RECEIVES A FLU SHOT EVERY YEAR!
