

Social Media Agreement

It is Charlie Brown's belief that communication between parents and providers is key to building a *trusting* relationship. Any problems or issues parents may have with the care of their child must be reported to the child's teacher and/ On-Site director immediately to be resolved. If the problem is not solved, there will be a meeting set up with the parent, On-Site Director and Executive Director. *A problem cannot be corrected if it is not reported.*

The staff and directors at Charlie Brown work hard to uphold a positive reputation for our business by providing the best care possible however we do realize accidents and mistakes happen. Charlie Brown does not partake in communication on social media sights. *Parents who choose to slander, "bash" or communicate a problem with any of our centers on social media sites will not be tolerated. This is grounds for immediate termination of services and possible legal action.*

Thank you for understanding that Charlie Brown Preschool and Child Care works hard to be a positive business in our community.

I have read and understand Charlie Brown Preschool and Child Care's policy on communication and the use of social media sites.
